

Julie-Anne Black.

Entrepreneur. Mentor. Speaker. Mindset. Body Language.

This quick questionnaire helps Jewells design a speech to meet your organisation or school's needs brilliantly.

Where and when is the presentation?

How would you describe your audience? (age, experience, level etc)

What are the audiences expectations?

What are their key problems?

What solutions are they looking for?

What is the overall theme of the conference?

What are the tricky areas to avoid?

What will other speakers be talking about?

What are the 3 primary areas of focus?

What other issues would be helpful for Jewells to know about?

Also, to help Jewells prepare additional information about your company she requires:

- * Any company/school newsletters and recent articles
- * Recent advertising / corporate brochures
- * Any promotional materials about this conference/seminar/meeting

All of this information helps Jewells to really understand your organisation or school and make her presentation the very best it can be. Please send this questionnaire, along with any queries about the presentation style/delivery to Cindy Jacobi: cindy@bebrilliantnow.com
